

Versatiles* Water Cycle

Condensation, Precipitation, or Evaporation?

1. Water droplets forming on a cold glass	D Evaporation H Condensation
2. Steam rising from a pot of boiling water	J Evaporation A Precipitation
3. Rain falling from the clouds	E Condensation K Precipitation
4. Hail produced by a summer thunderstorm	C Evaporation G Precipitation
5. Coffee drying in the bottom of a cup	F Evaporation B Condensation
6. Fog forming on the mirror in the bathroom	F Precipitation I Condensation
7. Clouds appearing when a hot and cold air mass meet	H Precipitation B Condensation
8. Dew droplets forming on the grass in the morning	C Condensation K Precipitation
9. Wet mud turning into dry, cracked dirt	G Condensation L Evaporation
10. Moisture forming on cold sunglasses	A Condensation L Evaporation
11. Snow covering the ground in a blizzard	E Precipitation I Condensation
12. A lake drying up in a drought	D Evaporation J Condensation
